Guinea Fresh

We bring delicious, exotic flavors from West Africa to Europe and North America. MKF Guinea Fresh is a wholesaler based in Purmerend, the Netherlands. We were founded in 2008 by Fatu Sheriff, a woman of West African descent, to share the flavors of her homeland with Europe.

Over the years the company has blossomed with the support of friends, family, and mentors. We believe in the importance of relationships and community. We aim to build strong, long-lasting relationships with our partners and customers.

Our purpose is to share our food and culture with everyone interested in West African cuisine, regardless of their background. After all, food is one of the best ways we can learn from other cultures.

The kitchen and dining habits of a culture contain rich insights about how people survive, manifest their creativity, and show affection. We want to contribute to this global journey by bringing West African cuisine to the forefront of the world.

Our products have become an integral part of everyday life. Some products, like palm oil and shea butter, are ingredients that make up a large portion of consumables we've come to know, love, and use all the time. Their quality and versatility make these products the real good stuff.

The Guinea Fresh Family

MKF Guinea Fresh is proudly family owned. Fatu Sheriff's partner, Verkeh Sahnoh, and three children – Tata Sheriff, Hagi M. Sahnoh, and Manduyen V. Sahnoh – are excited to build on her foundations to scale the company even further.

Our family and company values take great inspiration from our cultural background.

*Family is important
Work hard and smart*

Appreciate the good things of your roots

The future is red, yellow, and green

MKF Guinea Fresh is expanding. With a growing team, we are ready to increase our presence in Europe, North America, and beyond. We currently supply products to more than 200 businesses of all sizes.

MKF Guinea Fresh is the proud owner of the brand Guinea Fresh. Under this brand, we source the best quality products from local African farmers – including dried products, oils, frozen products and fish.
